International Directors Programme

INSEAD is one of the world's leading and largest graduate business schools with campuses in France, Singapore, Abu Dhabi and San Francisco. With 165 renowned faculty members from 42 countries, INSEAD brings a global perspective and cultural diversity in all aspects of its research and teaching and to become "The Business School for the World." Every year, more than 11,000 corporate leaders and executives participate in INSEAD's various educational offerings. The INSEAD Corporate Governance Centre harnesses INSEAD's expertise in multiple disciplines for a comprehensive and sustainable response to the challenges facing directors today.

Excellence in Board Practices

The Singapore Institute of Directors has partnered with leading business school INSEAD and the INSEAD Corporate Governance Centre (ICGC) to bring the acclaimed International Directors Programme to Asia. The International Directors Programme seeks to develop more effective directors for the increasingly-complex governance challenges presented by dynamic global markets.

The International Directors Programme is designed to take directors to the next level by going beyond compliance and focusing on excellence in board practice. Upon completion of the programme, participants may apply for the INSEAD Certificate in Corporate Governance, the first truly international qualification for board members from an academic institution.

Emerging topics in business today

As the business environment changes at an increasing speed and subjects such as decarbonization and equality take greater prominence on business agendas, it is imperative that the education of board members follows suit. The International Directors Programme includes emerging topics in business today such as **ESG (Environmental, Social & Governance), Ethics and Digital Transformation**, building upon and complementing the usual foundational topics.

The Business School
for the World®

The Singapore Institute of Directors (SID) is the national association of company directors. It works closely with regulators and other stakeholders of the corporate ecosystem to uphold and enhance the highest standards of corporate governance and ethical conduct. SID supports the professional development of all directors (private, listed, international and nonprofit) in their directorship journeys (aspiring and new directors to board chairmen). SID also provides thought leadership on corporate governance and directorship issues through research, publications, and the Singapore Corporate Awards.
