ABOUT SID

MISSION

Every board director a champion of good governance

VISION

To transform boards and empower board directors to be champions of good governance

The Singapore Institute of Directors (SID) is Singapore's national association for company directors. Established in 1998, our mission is to transform boards and empower board directors to be champions of good governance. SID works with regulators and partners to serve as the voice for directors and facilitates consultations and feedback sessions on regulatory matters. In advocating for good governance, SID advances thought leadership and benchmarking research and indices on corporate governance and directorship issues.

SID builds competencies and capabilities to enhance boardroom skills of directors for informed decision-making. An accreditation programme serves to set standards for and showcase best practices of good governance. The organisation supports members on their directorship journey with courses, workshops, advanced masterclasses, forum discussions and pit-stops. SID connects and strengthens the ecosystem with initiatives such as mentoring and networking. The Governance for Good Alliance is an initiative by SID to bring together key stakeholders who help advance our vision for every board director to be a champion of good governance.

MESSAGE FROM THE CHAIR

SID has been organising an annual golf tournament since 2001.

This year marks our 23rd annual golf tournament. The event has become one of our major networking socials that directors and corporate leaders look forward to. This year, despite the uncertain economic environment, we are blessed with strong support and see many returning familiar faces.

The annual golf tournament is an important fixture in our calendar that brings together SID members and supporters. The funds raised at today's event will enable the organisation to continue its work of advancing the highest level of ethical values, governance and professional development of directors in Singapore.

It is indeed heartening to see the generous support from our many corporate sponsors which is so important to a not-for-profit organisation like SID.

Special thanks to Audi for their support of the Hole-in-One prize.

We are grateful to our Platinum sponsors Barclay's and Singapore Pools. And our deep appreciation to our many repeat Gold, Silver, prize and goodie bag sponsors for their unwavering support.

Last but not least, our special thanks to our Guest-of-Honour Mr Seah Kian Peng, Speaker of the Parliament of Singapore, for gracing this event.

To all golfers, have a great round of golf and bonding, and best of luck for the Hole-in-One.

THE GAME

The Competition

The competition shall consist of a single round of 18 holes in accordance with the Rules of Golf approved by the Royal and Ancient Golf Club of St Andrew and the United States Golf Association and the local rules of Sentosa Golf Club (SGC).

The format of play shall be Stableford Points based on the player's handicap calculated using the Double Peoria Handicapping System. There shall be only one division for all participating golfers. The maximum handicap for men shall be 24 and women golfers 36.

In the event of a tie for any place, the "tied" places will be determined by the SGC count-back system. Players are requested to play without delay. If your score is more than DOUBLE PAR for the hole, please pick up your ball and proceed to the next tee box. Please record your gross score as double par for the hole, e.g. Par 3 will be 6 and so on.

In the event of inclement weather resulting in the inability of players to continue to play, the competition will be cancelled.

The decisions of the Club Director are final.

The Double Peoria Handicapping System

Each player shall record his gross score for each hole, with double par minus one [1] as the maximum for any hole. After the tournament, 12 random holes will be selected. The player's gross scores (maximum double par minus one [1]) for these 12 holes are totalled and then multiplied by 1.5. The resulting number minus 72 [par] is further multiplied by 80 per cent. This will be the player's Double Peoria System handicap for the day. This Double Peoria handicap will then be used to calculate the player's Stableford Points.
