About SID

MISSION

Every board director a champion of good governance

VISION

To transform boards and empower board directors to be champions of good governance

The Singapore Institute of Directors (SID) is Singapore's national association for company directors. Established in 1998, our mission is to transform boards and empower board directors to be champions of good governance. SID works with regulators and partners to serve as the voice for directors and facilitates consultations and feedback sessions on regulatory matters. In advocating for good governance, SID advances thought leadership and benchmarking research and indices on corporate governance and directorship issues.

SID builds competencies and capabilities to enhance boardroom skills of directors for informed decision-making. An accreditation programme serves to set standards for and showcase best practices of good governance. The organisation supports members on their directorship journey with courses, workshops, advanced masterclasses, forum discussions and pit-stops. SID connects and strengthens the ecosystem with initiatives such as mentoring and networking. The Governance for Good Alliance is an initiative by SID to bring together key stakeholders who help advance our vision for every board director to be a champion of good governance.

Message from the Chair

The 24th Annual SID Golf Tournament returns to the scenic Tanjong Course at Sentosa Golf Club, and we are grateful to our members, supporters and partners for making this possible.

We are honoured to welcome our Guest-of-Honour, Mr Seah Kian Peng, Speaker of the Parliament of Singapore, for taking the time from his busy schedule to grace this event. On behalf of the Singapore Institute of Directors, I'd like to record our heartfelt thanks for his continued support in this yearly sporting event.

This premier event unites directors and business leaders in camaraderie, healthy competition and shared purpose. Beyond the game, it serves as a key platform to strengthen relationships within the directorship community.

We are pleased to welcome back the Singapore Golf Association as our supporting partner for this year's tournament. Their professional golfers will guide and provide pointers to our participants, enhancing the quality of play and offering an opportunity to learn from seasoned professionals.

This year, we are pleased to offer not one, but two, exciting hole-in-one prizes – an electric vehicle courtesy of Tesla, and a cash prize donated by Verztec Consulting. Players would also will have an opportunity to experience a digital AvatarGPT supported by Dyna.Ai.

As a not-for-profit organisation, SID greatly values the long-standing support of our many corporate sponsors, which we deeply appreciate. We extend our sincere thanks to all our partners, both our returning sponsors and new supporters. Your continued support and commitment make this event possible.

Finally, thank you to our members for your feedback. We have refreshed our golf tournament logo and included more ways for individual members to be a part of this event, as players and contributors.

We wish all golfers a successful and memorable tournament.

Warm regards,

Yeoh Oon Jin

The Game

The Competition

The competition shall consist of a single round of 18 holes in accordance with the Rules of Golf approved by the Royal and Ancient Golf Club of St Andrew and the United States Golf Association and the local rules of Sentosa Golf Club (SGC).

The format of play shall be Stableford Points based on the player's handicap calculated using the Double Peoria Handicapping System. There shall be only one division for all participating golfers. The maximum handicap for men shall be 24 and women golfers 36.

In the event of a tie for any place, the "tied" places will be determined by the SGC countback system. Players are requested to play without delay. If your score is more than DOUBLE PAR for the hole, please pick up your ball and proceed to the next tee box. Please record your gross score as double par for the hole, e.g. Par 3 will be 6 and so on.

In the event of inclement weather resulting in the inability of players to continue to play, the competition will be cancelled.

The decisions of the Club Director are final.

The Double Peoria Handicapping System

Each player shall record his gross score for each hole, with double par minus one [1] as the maximum for any hole. After the tournament, 12 random holes will be selected. The player's gross scores (maximum double par minus one [1]) for these 12 holes are totalled and then multiplied by 1.5. The resulting number minus 72 [par] is further multiplied by 80 per cent. This will be the player's Double Peoria System handicap for the day. This Double Peoria handicap will then be used to calculate the player's Stableford Points.
